Anna Chakra

Published On: 24-01-2026

In News: The Department of Food and Public Distribution (DFPD) has been named a **finalist for the 2026 Franz Edelman Award** for its Anna Chakra initiative.

Anna Chakra

- **Type:** Supply chain optimisation tool
- **Sector:** Public Distribution System (PDS)

About Anna Chakra

- An **operations research–based decision support system** to optimise **state-wise food grain logistics** under the **Public Distribution System (PDS)**.
- Focuses on **efficient movement, routing, and distribution** of food grains across the supply chain.

Key Features

1. Uses **advanced algorithms and analytics** to:
 - Identify **optimal transportation routes**
 - Reduce **logistics cost and delays**
 - Ensure **seamless inter-state and intra-state movement** of food grains
1. **Integrated with national logistics platforms:**
 - **PM Gati Shakti**
 - **FOIS (Freight Operations Information System)** of Indian Railways
 - Via **Unified Logistics Interface Platform (ULIP)**

Institutional Collaboration

Developed through a **Government–UN–Academia partnership:**

- Department of Food and Public Distribution (DFPD)
- **UN World Food Programme (WFP), India**
- **IIT Delhi**

Significance

1. Improves **efficiency, transparency, and reliability** of PDS logistics
2. Reduces **wastage and transit inefficiencies**
3. Strengthens **food security** through data-driven governance
4. Example of **advanced analytics in public policy**
