Bureau of Energy Efficiency

Published On: 10-12-2022

Why is in news? BEE organizes “National Conclave on Accelerating Energy Efficiency in Micro, Small and Medium Sector Enterprises”

Bureau of Energy Efficiency, under Ministry of Power organised the “National Conclave on Accelerating Energy Efficiency in MSMEs”

The National Conclave will contribute to strengthening the operationalization and implementation of the current portfolio as well as a future program to scale up towards an inclusive and sustainable approach to energy efficiency in MSMEs

The National Conclave shall act as a common platform for pooling knowledge and synergizing the efforts made by the projects to various stakeholders, deliberating on strategies and a roadmap to promote energy efficiency in the MSME sector.

Launch of UNNATEE tool for faster adoption of energy efficiency projects in MSME Sectors, which is jointly developed by the Bureau of Energy Efficiency and SIDBI and Draft concept note on Perform Achieve and Earn (PAE) Scheme, a voluntary market-based mechanism for MSMEs for consultation.

Other highlights of the conclave included a technology exhibition, Sessions on thought-provoking deliberations with decision-makers and other key actors in the MSME sector around policy integration, financing, and innovative & disruptive technologies.

The United Nations Industrial Development Organization (UNIDO), in collaboration with the Bureau of Energy Efficiency (BEE) is executing a Global Environment Facility (GEF) funded national project titled “Promoting energy efficiency and renewable energy in selected MSME clusters in India”

Initiated in 2011, the project aimed to develop and promote a market environment for introducing energy efficiency (EE) and enhanced use of renewable energy (RE) technologies in process applications in selected energy-intensive micro, small and medium enterprises (MSME) sectors

The project has been supported by the Ministry of Micro, Small, and Medium Enterprises (MoMSME) and the Ministry of New and Renewable Energy (MNRE)

The project has implemented its programmatic intervention in 26 clusters in five different energy.

India hosts second largest base for MSMEs in the world and has the largest contribution to the GDP

Bureau of Energy Efficiency:

The Government of India set up Bureau of Energy Efficiency (BEE). on 1st March 2002 under the provisions of the Energy Conservation Act, 2001. The mission of the Bureau of Energy Efficiency is to assist in developing policies and strategies with a thrust on self-regulation and market principles, within the overall framework of the Energy Conservation Act, 2001 with the primary objective of reducing energy intensity of the Indian economy
