# Centre signs Rs 62,700 Cr deal with HAL for 156 LCH

Published On: 29-03-2025

## Context

- The Defence Ministry on Friday signed two contracts with Hindustan Aeronautics Ltd. (HAL) to buy 156 indigenous Light Combat Helicopters (LCH) and training and associated equipment for a total of over ₹62,700 crore, excluding taxes.
- The Army will get 90 of the helicopters, while the remaining 66 are meant for the Air Force. The contracts were signed soon after the deal got final sanction from the Cabinet Committee on Security (CCS).
- “The supply of these helicopters shall commence from the third year and will be spread over the next five years. The contracts will enhance the combat capability of Armed Forces at high altitudes,” a Defence Ministry statement said

## Light Combat Helicopter (LCH)

- This is **India's first indigenously designed and developed combat helicopter** designed to operate at an altitude of over 5,000 metres.
- The helicopter has a large number of components designed and manufactured in India and it is planned to achieve an overall **indigenous content of over 65%** during the execution of this procurement, the Ministry said.
- “This will involve over 250 domestic companies mostly MSMEs and will generate over 8,500 direct & indirect jobs.”
- The LCH is the **ONLY attack helicopter in the world which can land and take off at an altitude of 5,000 meters with a considerable load of weapons and fuel.**
- The helicopter uses **radar-absorbing material to lower radar signature** and has a significantly crash-proof structure and landing gear.
- A pressurised cabin offers protection from nuclear, biological and chemical (NBC) contingencies.
- The helicopter is equipped with a countermeasure dispensing system that **protects it from enemy radars or infrared seekers of the enemy missiles.**
- LCH is powered by two **French-origin Shakti engines** manufactured by the HAL
