Cyber Security Exercise “Synergy”

Published On: 01-09-2022

Indian Computer Emergency Response Team (CERT-In) under the Ministry of Electronics and IT, in collaboration with the Cyber Security Agency of Singapore successfully designed and conducted the **Cyber Security Exercise “Synergy”** for 13 Countries.

The specific objective of the exercise was to Assess, Share and Improve strategies and practices among Member-States to build network resiliency **against ransomware & cyber extortion attacks**

It was a part of the **International Counter Ransomware Initiative- Resilience Working Group**.

The Group is being **led by India** under the **leadership of National Security Council Secretariat**.

The **theme** of the exercise was “**Building Network Resiliency to counter Ransomware Attacks**”.

The exercise scenario was derived from real life cyber incidents, in which a domestic level (limited impact) ransomware incident escalates to a global cyber security crisis.

The Exercise “Synergy” was hosted by CERT-In on its exercise simulation platform.

Each State participated as a National Crisis Management Team having composition from different government agencies
