GYAAN VIGYAN AUR HUM

Published On: 09-02-2023

Why is in news? Mission LIFE-Online Green talk series GYAAN VIGYAN AUR HUM

As part of MISSION LIFE Awareness Programme, National Museum of Natural History, Ministry of Environment, Forest and Climate Change is organizing a five days online Green talk series "GYAN VIGYAAN AUR HUM" from 06th to 10th February 2023

The programme started on 6th Feb in which large number of students from Digital libraries of villages - Jamalpur and Fazilpur Badli(Haryana) are participating along with others students across the country.

The Scientists from reputed research organizations are delivering talks followed by interaction with children.

The programme is **aimed to create awareness on important issues related to Environment**.

Mission LiFe initiative:

Mission LiFe is a global initiative by India to help the world in its fight against climate change and lead to a sustainable way of life to achieve the sustainable development goals set by the U.N.

The idea of LiFe was introduced by India during the **26th United Nations Climate Change Conference of the Parties (COP26) in Glasgow in 2021.**

The idea promotes an environmentally conscious lifestyle that focuses on 'mindful and deliberate utilization' instead of 'mindless and wasteful consumption'.

The Mission embodies the **spirit of the P3 model, i.e., Pro Planet People**, as it is premised on the basic principles of 'Lifestyle of the planet, for the planet and by the planet'.

It advocates for the circular economy where the **concept of 'Reduce, Reuse and Recycle'** can help in striking a balance between development, economic growth, and sustainability.
