Over the period of more than 2 decades, this exhibition is an initiative of the office of Development Commissioner for Handlooms, **Ministry of Textiles**, Government of India through **National Handloom Development Corporation (NHDC)** Ltd. to **provide direct access to the handloom woolen weavers to market** their products to consumers in various cities of India.

Coinciding with 75 years of Independence, there will be 75 Stalls including thematic display of handloom products, live loom demonstration and exhibition cum sale by weavers from across India.

### **Handloom sector:**

The handloom sector of India is **one of the biggest unorganized economic activities**. The handloom industry in India has a long tradition of outstanding artisanship that represents and preserves vibrant Indian culture.

India's handloom artists are globally known for their **unique hand spinning, weaving and printing style**.

The handloom industry is the **country's largest cottage industry**, with 23.77 lakh looms.

It is also the **second-largest employment provider in the rural region** employing more than 3 million people in direct and allied activities.

The handloom sector of India has the **advantage of being less capital intensive, eco-friendly, having less power consumption and the ability to adapt to market conditions**.

According to the **Handloom Census 2019-20**, the industry employs about 3,522,512 handloom workers across the country. The industry primarily employs women workers with a share of 72.29% of the total handloom workers.

The majorly exported handloom products from India are mats and mattings, carpets, rugs, bedsheets, cushion covers and other handloom articles. The home textile constitutes over 60% of India's total handloom exports.

The total linen products made from handlooms, i.e. cotton, bed linen, toilet linen, kitchen linen, bed sheets, napkins, pillowcases, cushion cases, table cloths, etc. had a share of about 23.5% in 2020-21 exports.

The **major handloom export centers** are **Karur, Panipat, Varanasi & Kannur** where handloom products like Bed linen, Table linen, Kitchen linen, Toilet linen, Floor coverings, embroidered textile materials, curtains etc. are produced for export markets. During April 2021-February 2022, India exported handloom products worth Rs. 1,693 crore (US\$ 229 million).

India exports handloom products to **more than 20 countries** in the world. Some of the top importers are the US, the UK, Spain, Australia, Italy, Germany, France, South Africa, Netherlands and UAE. Some of the other handloom importers from India are Canada, Brazil, Greece, Belgium, Chile, Denmark, Thailand and Sri Lanka.

**US is the biggest importer of handloom products from India, consistently the top importer for the past 8 years.**
