The **International Olympic Committee** (IOC) approved the inclusion of cricket and four other sports in the 2028 Los Angeles Olympics.

Cricket will return for the first time since 1900 and will be played in the short T20 format.

The 141st session of the IOC was held in Mumbai, India from October 15-17 and PM Narendra Modi also conveyed India's bid to host the 2036 Olympics.

But it's cricket that's set to gain a global appeal due to its inclusion in the World Cup.

Cricket will be making its return in the 2028 Olympics after a century.

Here are the additional sports approved by the IOC in its 141st session - **Baseball/softball, Cricket (T20), Flag football, Lacrosse (sixes), Squash.**

All five sports were voted in as a single package with two negative votes from about 90 IOC members at the 141st session in Mumbai, India.

Baseball and softball have been part of the Olympics at several editions, most recently being at Tokyo 2020. Baseball and softball are especially popular in Japan and USA.

Cricket was last played at the Olympic Games in Paris in 1900.

Lacrosse was included at the St Louis 1904 Olympics and London 1908 Olympics.
