

India moving citizens in Iran, Israel to safer places

Published On: 17-06-2025

Context

- Israel's unprovoked aggression against Iran has not only plunged West Asia into its gravest regional crisis since the 1973 Arab-Israeli war but also pushed the Jewish nation into an unprecedented security calamity.
- If Prime Minister Benjamin Netanyahexpected the June 13 attack on Iran, hitting its nuclear facilities and assassinating its top generals and nuclear scientists, to cripple Tehran — like how Israel destroyed the Egyptian air force on June 5, 1967 during the Six Day War — he appears to have made a mistake.
- Iran, in a swift and forceful response, rained ballistic missiles on Israeli cities. Until Monday morning, it had fired over 370 missiles, hitting an oil refinery in Haifa, a top research institute in Rehovot near Tel Aviv and even residential areas.

Iran should have signed the "deal" I told them to sign. What a shame, and waste of human life. Simply stated, IRAN CAN NOT HAVE A NUCLEAR WEAPON. I said it over and over again! Everyone should immediately evacuate Tehran!
