Indian Ocean Rim Association (IORA) A Seminar on Illegal, Unreported and Unregulated (IUU) Fishing

A Seminar on Illegal, Unreported and Unregulated (IUU) Fishing, under the aegis of Indian Ocean Rim Association (IORA), was **conducted by the Indian Navy at Goa** on 02 November 2022.

As the **third largest ocean**, the Indian Ocean Region (IOR) is a lifeline for nearly 35% of global population. Fish and Fisheries comprise important components of food security chain.

These also contribute significantly to national socio-economic development. **Sustainable fishing** is seriously compromised by IUU fishing activities and are therefore a major cause of concern for the littorals of IOR.

This was accordingly identified as an area of greater collaboration by the **IORA Working Group on Maritime Safety and Security (WGMSS)**, established in September 2018.

The WGMSS is presently chaired by Sri Lanka, and is advancing the IORA Action Plan 2017-21, adopted by IORA Member States.

The Seminar was conducted by the Indian Navy on behalf of the Ministry of Defence, under the guidance of the Ministry of External Affairs and duly supported by the Department of Fisheries, functioning under the Ministry of Fisheries, Animal Husbandry & Dairying and other agencies of the Govt of India.

Indian Ocean Rim Association:

It is an inter-governmental organisation aimed at **strengthening regional cooperation and sustainable development within the Indian Ocean region** through its **22 Member States bordering the Indian Ocean** and 9 Dialogue Partners.

The IORA is a regional forum, tripartite in nature, bringing together representatives of Government, Business and Academia, for promoting co-operation and closer interaction among them.
