About NeSDA:

NeSDA framework, **launched in August 2018** was conceptualized with an overall objective to **measure the depth and effectiveness of existing e-Governance service delivery mechanisms**.

This framework is **based on the Online Service Index (OSI) of UN e-Government Survey**.

The framework covers **six sectors**, viz. Finance, Labour & Employment, Education, Local Government & Utilities, Social Welfare (including Agriculture & Health) and Environment (including Fire) sectors.

The department undertakes NeSDA study **biennially**.

This study assesses States, Union Territories (UTs), and focus Central Ministries on the effectiveness of e-Governance service delivery.

NeSDA helps the respective governments improve their delivery of citizen centric services and shares best practices across the country for all States, UTs and Central Ministries to emulate.
