About DAY-NRLM:

DAY-NRLM is a **flagship rural poverty alleviation program** of the Government of India and today it is the world's largest initiative to improve the livelihoods of the rural poor.

It is implemented by the **Ministry of Rural Development**, Government of India.

It aims to **reduce poverty by enabling the poor household** to access gainful self-employment and skilled wage employment opportunities resulting in sustainable and diversified livelihood options for the poor.

Addressing multiple dimensions of poverty, the programme **aims to reach out to 10 Crore rural poor households** in a phased manner **and organize one woman member** from each rural household into **affinity-based women SHGs.**

These SHGs provide close, long-term handholding support to their members, enabling them to access financial services from banks, diversify and stabilize their livelihoods, and effectively access their entitlements with ease.

The core objective of the programme is to ensure that each family, once it is in SHG for 6-8 years, is able to achieve household food security and have more than one stabilized livelihood source.

Four core components:

Social mobilization, promotion and strengthening of self-managed and financially sustainable community institutions of the rural poor
